

BACKGROUND CHECKS INFORMATION

The age in which we live, it is becoming increasingly necessary that we do all we can to protect ourselves and the people around who we are working/serving. At the September 2017 Fall Rally, the Executive Committee made a recommendation to have all members obtain a background check. All members were required to have their background checks completed and submitted by January 1, 2019. These original background checks were done with assistance from Camp Baldwin staff members.

During the April 5, 2024 Rally meeting, the Executive Committee made a recommendation to continue with the background checks but that they would now be done completely “in-house”. This meant that Camp Baldwin would no longer be doing the background checks. Mrs. Barbara Sessions, Secretary, was given the task of establishing contact with background check companies to determine which would best suit our needs. This recommendation also stated that all past, present and future members would be required to obtain a new background check via this new method once established to work on any ALCOM project. No other background checks from any other source will be accepted. Project managers will ensure that all ALCOM members working on any project have a new background check.

As of this date, July 20, 2024, the new background check process has been established and is now available. You are encouraged to get your new background check as soon as possible no later than January 1, 2025. Old background checks will be accepted until January 1, 2025. The new background checks will be good for 5 years.
