

## **VINEYARD CHRISTIAN RETREAT PROJECT**

**APRIL 11-29, 2022**

**We had several small projects at the Vineyard this year. We glued rocks, washed siding, replaced decking boards and built partition in a shower. The initial lists of things to do were three pages long and unfortunately, we were only able to complete just some on the first page. The ladies were busy in the sewing center and made several dresses and a variety of other items. We met with the Hispanic missionary for this area, John Gunter. The ladies gave him several items that they had made to take on his mission trip to Dominion Republic this summer. We had an enjoyable time of fellowship at our fish fry and evening dinners. We are all looking forward to next year.**
